EXPERIENCE

mPHATEK Systems

May 2026 – Aug. 2026

Technical Intern

Pune, IN

- **Led front-end development and backend** of a dashboard to process resumes and parse them according to specific job profiles and assign a specific score using Google Gemini API, Python and POSTMAN services.
- Developed an RBAC system with multi-dashboard using JWT Tokens and Next.js

PROJECTS

RISKIQ | Databricks, Spark SQL, LLMs, Python

- Implemented an LLM-based SQL generation system that translated user prompts into executable Spark SQL queries.
- Built an interactive analytics dashboard with automated visualizations, allowing users to derive insights without writing SQL.
- Integrated Databricks compute resources with a conversational interface to provide real-time data exploration and reporting.

JOBSYNC AI | Next.js, Gemini API, TypeScript

- Built an AI-powered career platform that matches candidates with relevant job opportunities based on skills, experience, and resume data.
- Integrated machine learning/LLM-based resume analysis to identify skill gaps and improve job recommendations.
- Developed automated workflows for job tracking, application management, and personalized career insights.

KINETICAI | Python, Streamlit, Databricks SQL, Delta Lake, Groq Llama

- Built an AI-powered data assistant with Streamlit, Databricks SQL, and Groq Llama to convert natural language questions into executable SQL queries.
- Implemented schema-aware query generation by extracting Databricks table metadata and using it as LLM context for more accurate text-to-SQL results.
- Added CSV upload, dynamic Delta table creation, and automatic result visualization with Plotly for end-to-end interactive data analysis.

EDUCATION

Manipal Institute of Technology

Aug. 2024 – July 2028

Bachelor of Technology in Computer Science and Engineering

Bengaluru, IN

- **Coursework:** Data Structures, Algorithms, Database Systems, Computer Organization, Machine Learning, Computer Networks, Operating Systems, Digital Systems

SKILLS

Languages : Python, SQL (MySQL), Java, C

Tools : Figma, Notion, Firebase, Google Analytics, Google Gemini API, GitHub, Delta Lake, Databricks, Git, Postman

LEADERSHIP AND EXTRACURRICULAR

Vice Fest Head : TechSolstice 2026, MIT

Startup Guidance Head : ECell , MIT

Sponsorship Head : Falak 2025 , MIT
